Statement of Activities

Background

The Village of Schaumburg created the Olde Schaumburg Tax Increment Financing District (TIF) on January 10, 1989. At the time of implementing the TIF, the goal of the Village of Schaumburg was to redevelop the area on a comprehensive and planned development basis in order to ensure that new development occurs on a coordinated rather than piecemeal basis, on a reasonable, comprehensive, and integrated basis to ensure that blighted factors were eliminated, and within a reasonable and defined time period so that the area may contribute productively to the economic vitality of the village.

The redevelopment project area qualified as a “conservation area” as defined by the applicable State Act at the time. At that time the area was characterized by the presence of a combining of five or more blighting factors as listed in the Act, rendering the area detrimental to the public safety, health, and welfare of the citizens of the village.

The major land-use categories included within the TIF are: limited office, general business, single-family low density, single-family moderate density, and multiple-family moderate density. The TIF is approximately 123 acres at the corner of Roselle and Schaumburg Roads.

From the time of implementation, the Village focused on the Town Square area and the Village acted as an agent to assemble land, prepare planning documents, hire a consultant to perform the design work, and enter into redevelopment agreements with two private developers and execute a sales contract with the Schaumburg Township District Library to buy property.

Work began in 1994 with the planning and land acquisition, the development agreements and the construction began in 1995. Trident Development built commercial shops to the south of the pond. Since then, the Library has been added, Wells Fargo Bank, and the Bolger commercial shops on the north end of the site. Other developments include the Bonfish, and Oberweis Dairy restaurants and the Old Town Rowhouses on Illinois Avenue.

The Village still owns the pond, pavilion, amphitheater area, and clock tower area, which is public open space where the general public may gather on an everyday basis and where programmed events are held throughout the year.

There have been many enhancements that have been done on the periphery of the property. A bridge was rebuilt at the entrance of the Trickster Gallery, creekway enhancements to improve the quality of the landscaping, and roadway and streetscape enhancements on Roselle Road and Schaumburg Road. Other improvements include the cemetery restoration project at St. Peter Lutheran Church to restore and preserve important gravesite monuments, an interactive water feature project, a dancing water element, which is an extension of the existing water pond infrastructure, public information kiosk, and the clock tower restoration and repair.

Financial

The termination date of the TIF was December 31, 2012.

Since inception, the village has recognized approximately \$58,224,128 in revenues. The TIF increment accounts for approximately \$35,595,296 of the total revenues. Also, the village received \$14,997,400 in bond proceeds for the purchase of land and for the continued construction/enhancement improvements made within the TIF. \$4,735,667 of the revenues include sale of land proceeds and developer donations for the improvements within the TIF.

Since the TIF was created, the village has expended approximately \$60,921,996. The more significant expenditure items include \$17,306,201 for debt service and \$23,476,566 in construction/enhancement improvements, including the purchase of land. The TIF districts remaining projects have been funded and completed.

Sincerely,

Village of Schaumburg

4. **REVIEW OF PROGRESS – MATT FRANK**

Mr. Frank said this TIF was established in 1989 and expired in 2012. This is centered around the intersection of Schaumburg and Roselle Roads. We did have a few outstanding projects that we've been wrapping up over the past years and the property tax appeals have lengthened this. The major project was the replacement of railings outside of Veteran's Gateway Park by the clock tower. That was roughly \$71,000. That was our last expenditure.

Mr. Frank said Tony's grocery store will occupy the former Dominick's. This has been vacant since 2014. They are projecting opening in March 2023. They've had issues with some of the supply chain issues with refrigeration equipment.

Mr. Frank said we've also been working with a restaurant developer to build on the site next to Oberweis. That pad has been on the market for a number of years and we're looking to move forward with this sale.

5. REVIEW OF FINANCIAL REPORT – FRANCESKA FABYAN

Ms. Fabyan provided a quick recap of the 2022 Financial Report. The 1989 Base Equalized Assessed Value was \$10,754,500 with the current Fiscal Year 2022 Equalized Assessed Value of \$39,478,667. The property tax increment for the current year is \$0 and the cumulative total is \$35,595,296. Total expenditures for the year are equal to \$72,378 and the fund balance is \$213,364.

6. QUESTIONS/DISCUSSIONS

Chairman Dunham asked are the railings complete and installed?

Mr. Frank said yes that project is complete. This TIF will have one more JRB and we'll work to close this out next year.

Ms. Hummel asked does that mean 2023?

Mr. Frank said yes, 2023.

Chairman Dunham asked if there were any more questions or comments, and there were none.

7. ADJOURNMENT

A motion was made by Tim Gerhardt, seconded by Steve Burgess to adjourn the meeting at 10:16 a.m.

All Ayes.

Independent Auditors' Compliance Report

To the Honorable President and
Members of the Board of Trustees of
Village of Schaumburg, Illinois

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Schaumburg, as of and for the year ended April 30, 2023 and have issued our report thereon dated October 5, 2023. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

In connection with our audit, nothing came to our attention that caused us to believe that the Village of Schaumburg failed to comply with provisions of Subsection (q) of Section 11-74.4-3 of Public Act 85-1142, "An Act in Relation to Tax Increment Financing", insofar as it relates to accounting matters for the Olde Schaumburg Centre Tax Increment Financing District; however, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Village of Schaumburg's noncompliance with the above-referenced statute, insofar as it relates to accounting matters.

This report is intended solely for the information and use of the Village Board, management, the State of Illinois and others within the Village and is not intended to be and should not be, used by anyone other than the specified parties.
