Approximate number of people participating in each litter pick up: _____

Highway or roadway section(s) you are interested in adopting (where to where):

Please list 3 choices in order of preference for this popular program. We will attempt to honor all requests on a first-come, first-serve basis. However, we need designated alternates in the event your first choice is previously committed.

Sections shall generally not be less than one (1) mile in length (both sides of the right-of-way) nor longer than two (2) miles, although logical variations will be considered. Pickup service is required a minimum of four (4) times annually. Eligible roadways are typically high use marked State route thoroughfares within VILLAGE boundaries and other County arterials and collectors. Low volume residential streets are not typically covered by this program and interstate highways are not allowed.

Within **10** working days of receipt of your application, a standard agreement will be customized and mailed to the group for review and execution. Upon receipt and acceptance of the executed agreement, the Public Works Department will authorize fabrication and installation of appropriate signage for the designated section of roadway in accordance with Illinois Department of Transportation standards. Such work shall typically be completed within **20** working days.
